Dr. Anupama Sanjeev

Controller of Examination & Assistant Director of Academic Affairs

Dr. Anupama Sanjeev brings extensive expertise in academic administration, assessment systems, regulatory compliance, and institutional governance, with more than 14 years of experience in higher education. Her experience in developing assessment policies, academic documentation, monitoring frameworks, and quality assurance processes enables her to effectively oversee examination systems while ensuring transparency, integrity, and operational excellence.

As the **Controller of Examinations**, she is responsible for the overall planning, coordination, and administration of the University's examination and evaluation processes. She oversees examination scheduling, assessment policies, result processing, academic records, and regulatory compliance while ensuring that all examination-related activities adhere to the highest standards of fairness, accuracy, and confidentiality. She also drives the continuous enhancement of examination systems through technology-enabled processes and systematic quality improvements.

Dr. Anupama has extensive experience in building institutional systems from the ground up, developing version-controlled academic documentation, creating assessment and evaluation policies, and supporting accreditation and quality review processes. Her collaborative approach and commitment to academic integrity contribute to maintaining a robust examination framework that upholds the credibility of Atria University's academic programmes while delivering an efficient and student-centric evaluation experience.
