Azza Fathima Musliyarakath

B.DesignCohort:2021-2025 ; AU21UG-010

Entrepreneurship- HeadQ- Co-working Space

A talented designer with a sharp eye and a thoughtful heart, Azza's work blends empathy with creativity. She describes her academic journey as an apprenticeship in product design — learning to shape ideas from scratch into beautiful, intuitive realities. Managing 2 internships, with one of them being at Foley Designs, who have given us fantastic feedback on her work, she is super focused on her craft and blends empathy and design.

Diya Hafiz

B.Tech Life SciencesCohort:2021-2025 ; AU21UG-013

Crispr Bits3.96 LPA

Diya Hafiz is a whimsical and deeply thoughtful individual, blending philosophy, science, and compassion into everything she does. From clinical diagnostics in Kashmir to leading biodiversity studies through eDNA, her work bridges data, biology, and meaning. At CRISPRBITS, she advanced real-world diagnostic tools, growing into a confident and precise researcher. Diya's creative chaos, curiosity, and care have left a unique and lasting mark on the Atria community.

Aditya Tyagi

B.DesignCohort:2021-2025 ; AU21UG-003

Social Entrepreneurship- Anukalpvriksha Foundation

Aditya Tyagi is the essence of simplicity and lets his work speak for himself. Entrenched in Design he has created several interesting products. His long-term dream of starting an NGO in his hometown reflects a deep commitment to social impact. Atria University is happy to have provided the eco system where his dreams could take wings and fly.

Ankit Kumar

B.Tech – Digital Transformation

Cohort:2021-2025 ; AU21UG-004

ACAD

8 LPA

Ankit Kumar has decided early on his career goals and is working towards them with quiet determination. Preferring to respond when spoken to, he goes about his tasks with a focus that is impressive

Abhinay Kumar

B.Tech – Digital Transformation

Cohort:2021-2025 ; AU21UG-001

3 LPA

Abhinay's journey at Atria University has transformed him from a quiet person to one who is focussed on the acquisition of competencies and creating a path ahead. He is polite and gentle in his ways. This is a quality that will serve him well in every path he chooses.

Ankit Hukumchand Varma

B.Tech Digital Transformation

Cohort:2021-2025 ; AU21UG-005

Indian Institute for Human Settlements

4.8 LPA

Ankit Verma thrives in collaborative settings and has shown consistent growth in both learning and soft skills. He takes a thoughtful approach to every task, weighing it carefully before diving in. With this mindset and steady progress, he is well on his way to achieving his goals.

Aryan Saxena

B.Tech Digital Transformation

Cohort:2021-2025 ; AU21UG-007

GlobalVox

12 LPA

Reaching beyond the sky underpins Aryan's efforts. With excellent negotiation skills and a charming attitude, Aryan harnesses people skills with tech to deliver impact. He is sure to blaze a trail that has perhaps not been seen before.

Aryan Mahendra Bakle

B.Tech eMobility

Cohort:2021-2025 ; AU21UG-006

Daloft Aerospace

3 LPA

Passionate photographer, with a keen spatial sense, and a pleasant countenance, Aryan's interest in eMobility originated in his love for photography. He will surely carve a niche for himself with a unique combination of creativity with emerging technologies.

Atharv Vadehra

B.Tech Digital Transformation

Cohort:2021-2025 ; AU21UG-008

ELMET

16 LPA

Atharv is warm and full of life. With strong people skills and a variety of internships in domains like cybersecurity, the world for him is full of possibilities. He perseveres till solutions are found and can be counted on in difficult times.

Ayana G

B.Tech eMobility

Cohort:2021-2025 ; AU21UG-009

Altair

9 LPA

Ayana embodies a calm persistence. She has successfully demonstrated the benefits of a calm steady approach through her excellent academics. With several outstanding internships she is set to be a trailblazer in the domain of eMobility.

Deepak Dhaneshwar Prasad

B.Tech Life Sciences

Cohort:2021-2025 ; AU21UG-011

Diagnobacs

3.6 LPA

A philosopher at heart, with interests in both Life Sciences and Design, curiosity underpins all that Deepak does. Deepak's path ahead is surely unique given the peppering of philosophy in a blend of Design and Life Sciences.

Devika C

B.Tech Digital Transformation

Cohort:2021-2025 ; AU21UG-012

Zato

3.6 LPA

Devika's sense of enthusiasm pervades all those around her. She has earned appreciation for her work involving the design of intuitive web interfaces, and data analysis in her internships at Tif Labs, Xtransmatrix, and Zato. Devika is all set for an accelerated career in Digital Transformation

Gunja Subhash Gupta

B.Tech Life Sciences

Cohort:2021-2025 ; AU21UG-015

Biozentrum, University of Basel , Switzerland

Gunja exemplifies dedication and goes about achieving her goals in a consistent manner. With a pleasant countenance, and a hard-work approach Gunja has scaled impressive heights in her internships. She aims to make a mark in Life Sciences research.

Guru Sai Prakash

B.Tech Digital Transformation

Cohort:2021-2025 ; AU21UG-016

Entrepreneurship- ZRAI Automations

Guru Sai, the true-blue entrepreneur is constantly attempting to address problems through innovative ideas that combined business principles and technology. He embodies the spirit of not giving up and marches ahead to a tune that is his own

Harsh K Suresh

B.Tech eMobility

Cohort:2021-2025 ; AU21UG-017

Gremot Mobility

3.24 LPA

Harsh K Suresh brings spontaneity, humor, and warmth into every space he enters. His work during internships in eMobility range from developing a GUI for guided vehicles at Gremot Mobility to building advanced motor control models in Simulink, showcase both creativity and technical skill. His energy transforms moments and uplifts his
peers. Harsh’s vibrant spirit will no doubt leave a wherever he goes.

Irfan Sattar Agriya

B.Tech Digital Transformation

Cohort:2021-2025 ; AU21UG-019

ACAD

8 LPA

Irfan Sattar Agriya may be quiet in class, but his sharp intellect and dedication to learning have consistently stood out. He has made significant progress and is now contributing to cutting-edge work in Decentralized Technologies. Through his internship with Atria's Centre of Excellence in AI & Decentralized Technologies, Irfan has demonstrated both potential and purpose. His quiet confidence continues to inspire many.

Kunal Ajitranjan Trivedi

B.Tech eMobility

Cohort:2021-2025 ; AU21UG-020

Gremot Mobility

Kunal Trivedi has grown into a confident and capable individual over the past few years. Known for his sense of responsibility, he consistently delivers on what's expected of him. His entrepreneurial mindset came to life when he created and branded a new company that will soon launch its first electric cycle. With a clear vision for his future, Kunal is well on his path to success.

Lakshay Kumar

B.Tech Digital Transformation

Cohort:2021-2025 ; AU21UG-021

Zato

12 LPA

Lakshay is the perfect mix of tech-savvy brilliance and adventurous spirit, always ready to explore ideas and experiences alike. From being the youngest speaker at Microsoft to hosting Atria's first hackathon and delivering 25+ corporate talks, he's shown true leadership and innovation. Whether building real-world products or leading conversations with tech giants, Lakshay brings bold ideas and thought-provoking energy wherever he goes. His journey is just getting started.

Mohammed Hisham Ck

B.Tech Digital Transformation

Cohort:2021-2025 ; AU21UG-018

Zato

7.8 LPA

Hisham is a dedicated and hardworking individual who consistently rises to meet challenging problems with determination. Over the past few years, he has shown remarkable growth, proving his ability to deliver impactful results. His persistence and quiet strength make him a valued contributor wherever he goes.

Mukunda Kumaragiri

B.Tech Life Sciences

Cohort:2021-2025 ; AU21UG-023

Masters , Manipal University

Articulate when necessary, Mukunda posits with clarity. With an enduring interest in marine biology and a strong focus on his goals, Mukunda plans his progress thoughtfully and systematically moves ahead.

Nandana S

B.Tech Digital Transformation

Cohort:2021-2025 ; AU21UG-024

ACAD

8 LPA

Nandana has evolved into a confident assertive individual with an excellent academic track record. Whether as an intern in Pixuate or as a volunteer at Suscrunch, India’s largest sustainability summit, her work is underpinned by a persistent clarity on goals. She has quiet, attentive presence which will not go unnoticed.

Ojasvi Bhagat

B.Tech Life Sciences

Cohort:2021-2025 ; AU21UG-025

Mycelium Ecology

3.6 LPA

Ojasvi is truly one of a kind, with a remarkable learning curve that showcases her determination and growth. Outspoken and persistent, she brings energy and clarity to every space she's part of. Her confidence and drive make her well-equipped to make a lasting impact on any path she chooses.

Owais Shafi

B.Tech Energy Sciences

Cohort:2021-2025 ; AU21UG-026

Masters , Northwest University, USA

Owais is self-assured and forward-thinking with a clear career path in sustainability and climate policy. His internships at IIT Madras and Net Carbon Vision in Dubai have given him hands-on experience in carbon markets and tech-driven climate solutions. As the founding president of Atria's Student Energy Chapter, he led the team to global recognition and forged meaningful industry collaborations. With purpose, insight, and quiet confidence, Owais is poised to make a lasting impact.

Pratik Vijay Jadhav

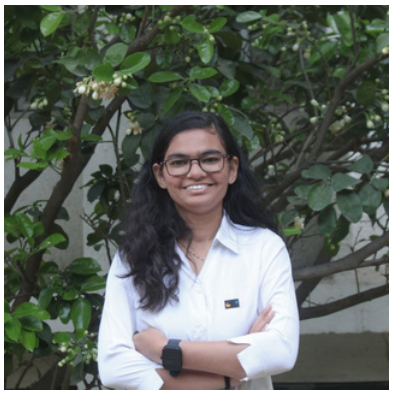
B.Tech Digital Transformation

Cohort:2021-2025 ; AU21UG-027

Alemeno

4 LPA

Pratik is a quick learner who prefers to stay in the background, steadily building his knowledge with focus and intent. He earned an internship in decentralized technologies where he is progressing with quiet determination. He will surely achieve his goal of a successful career in Digital Transformation.



Priti Raju Burud

B.Tech Energy Sciences

Cohort:2021-2025 ; AU21UG-028

Masters , New Castle University, UK

With internships at Altair, SELCO Foundation, and GreenFlame, and a full time offer in the second year of study, Priti embodies a combination of discipline and intent. Priti has evolved in clarity and conceptual understanding over the years at Atria University and is out to make a mark in the Energy Sciences realm.

Roshan Sachdainand Bharti

B.Design

Cohort:2021-2025 ; AU21UG-029

Moshi Moshi

6 LPA

Roshan brings a unique confidence to design, with skills that shine through in his digital marketing work and engaging project presentations. In his current internship at Moshi Moshi, we are told that one of his products have been lined up for production. His creative vision is matched by his ability to encourage and uplift those around him.

Rukhiya Taskeen E H

B.Design

Cohort:2021-2025 ; AU21UG-030

Freelance Designer

Rukhiya is becoming the flavour of the art scene abroad. Her Digital Art has caught the fancy of many renowned global art brokers, and her journey in Design has been truly fantastic. Rukhiya remains modest and grounded. We wish our very own star a success that outshines and stays for a long time.

Sakshi Arvind Tembhurne

B.Tech Life Science

Cohort:2021-2025 ; AU21UG-032

Khorana Fellow , Pai Lab, RNA Therapeutics Institute UMass Chan Medical School , Worcester, Massachusetts, United States

Sakshi Tembhurne is a consistent top performer in her major, known for her focus, diligence, and quiet leadership. As a 2024 Khorana Scholar, she conducted RNA biology research at UMass Chan Medical School, USA. Her work spans the BioInSpace project with IIST, IISc, and NCBS, and she has co-authored a published paper. With experience as a TA for a Harvard course and internships in AI and bioinformatics, Sakshi's journey is already remarkable — and it's only just beginning.

Salim Moula Shaikh

B.Tech Life Sciences

Cohort:2021-2025 ; AU21UG-033

Crispr Bits

3.96 LPA

Salim, with a love for Life Sciences has already received an offer from the organization where he is currently interning. Soft spoken and with a creative edge, we are sure Salim will find the success he seeks.

Sarath Babu

B.Tech Digital Transformation

Cohort:2021-2025 ; AU21UG-034

Mooving Smart Mobility & Energy Pvt. Ltd

5.7 LPA

Sarath while preferring to stay away from focus is attentive to tasks at hand. His quiet demeanor and shy smiles complement his hard working nature. Sarath is counted as loyal by his friends and has grown into a confident individual.

Satyam Abhishek

B.Tech Digital Transformation

Cohort:2021-2025 ; AU21UG-035

Young India Fellow , Ashoka University

Consistent, clear, and committed Satyam has evolved on many fronts at Atria University. He interned at PwC with excellent feedback and later chose to do a research dissertation where he co-authored a groundbreaking paper on AI value alignment. The ecosystem at Atria University enabled him to build a stack of competences that included tech and business while graduating with a Bachelor of Technology in Digital Transformation. We wish the best for his onward journey as a coveted Young India Fellow at Ashoka University.

Siddharth Mahendra Kakade

B.Tech eMobility

Cohort:2021-2025 ; AU21UG-038

Webber Electrocorp

3.5 LPA

Siddharth has grown steadily over the past few years into a focused and determined individual, committed to making his mark. His consistent and disciplined approach to learning reflects his quiet confidence and drive. With this mindset, Siddharth is well-positioned for continued growth and long-term success

Sukesh Sudhakar Shetty

B.Tech Digital Transformation

Cohort:2021-2025 ; AU21UG-039

Altair

9 LPA

Sukesh has grown remarkably over the years, transforming from a shy student into someone confident in his skills and aspirations. His dedication and persistence helped him secure a sought-after internship with an industry leader. This journey reflects his resilience and evolving strength. We wish him the very best as he continues to move forward.

Suraj Kaluram Devasi

B.Tech Life Sciences

Cohort:2021-2025 ; AU21UG-040

Iom Bioworks Pvt Ltd

3.6 LPA

Suraj Devasi has shown remarkable growth over the past two years, gaining clarity and confidence in his chosen career path. Currently interning in systems biology, he is developing a simulation model that is set to be patented — a significant contribution at this early stage of his journey. Suraj's dedication and curiosity are shaping him into a true innovator. His future in science looks bright, and we wish him every success.

Tanmay Meshram

B.Tech Energy Sciences

Cohort:2021-2025 ; AU21UG-041

Qualified GATE

Introspecting, gentle Tanmay is very interested in Energy Sciences, and has interned in organizations that manufacture products related to solar energy. With a bachelor of technology in Energy Sciences, Tanmay plans to work in the business side of energy. We are sure he will do well.

Vimal Joy

B.Tech Digital Transformation

Cohort:2021-2025 ; AU21UG-042

Delta Electronics India

3.6 LPA

Vimal has had a truly transformative experience at Atria University. The ecosystem here helped him to build a competency stack that balanced business with tech, so while he gains a Bacheor of Technology in Digital Transformation, his competencies set him to a career path that helps him to make the best of his interests and abilities. With a job offer at Amazon his journey at atria University has come full circle

Vishwa Shah

B.Tech Energy Sciences

Cohort:2021-2025 ; AU21UG-043

WRI

9 LPA

Vishwa is ambitious and driven. She used the opportunities provided at Atria University successfully to notch up several achievements. She interned at a Big4 organization, delving into low carbon strategies adopted by 52 MSMEs and took up additional internships which total to 2.7 years of work experience. She is a go getter and works to win.

Yash Raj

B.Tech Digital Transformation

Cohort:2021-2025 ; AU21UG-045

Incresco

4.6 LPA

In addition to being selected for a coveted internship at TrustGrid, Yash also received a rare extension from them. Along with this he won an international hackathon, landing a remote job opportunity. He acknowledges that Atria University's ecosystem has been a driving force for him. With a Bachelor of Technology in Digital Transformation he is eager to take on the world.

Yash Pramod Nayak

B.Tech eMobility

Cohort:2021-2025 ; AU21UG-044

Ather Energy

3.6 LPA

Yash is quiet and attentive, and diligently pursues the path of competency building in the domain of eMobility. He has chosen to intern in the manufacturing sector and received commendable feedback on it. We are sure he will establish himself as an engineer of repute.
